Impressionisms Routes® Network present at the 6th Salon Tourism and Heritage

Invited by the organizers of the 6th Cultural Fair of the Artistic Capital of Provence, the **Impressionisms Routes®** network seized the opportunity offered to it to assert its ambitions to the general public, while promoting the actions undertaken by its French members and Europeans on the cusp of a long-awaited renewal of cultural activities across Europe. As during our previous performance in Bordeaux (France) on June 26 and 27, 2021, this physical presence of **Impressionisms Routes®** was also an opportunity to highlight, in conjunction with the Institute of European Cultural Routes of Luxembourg, the whole of the Cultural Routes of the Council of Europe. The Conference presented by Georges Lucenet, Vice-President and General Manager of **Impressionisms Routes®** aroused real interest among the personalities present and allowed fruitful exchanges.
